Subject: HB 5232

Please include my comments and opposition to any public hearings regarding HB 5232. Thank you.

Please don't infringe on my private property right to choose to own a house that is protected by a National, state and local historic district. HB 5232 jeopardizes my rights as a homeowner by allowing changes to my historic neighborhood that are not in line with the Department of Interior guidelines. This jeopardizes our National designation and can result in the loss of tax credits for historic repairs on income producing properties.

I also don't want decisions regarding historic repairs based on politics. PA 169 has a proven track record of protecting Michigan's historic treasures and it has fostered millions of private investment dollars. There is no good reason to destroy this highly successful public act. I ask that you protect my property right and my investment under the current rule of PA 169 and oppose any legislation to change it.

Sincerely

Jan Earl
